AMENDED TERMS OF REFERENCE FOR
MARKET INQUIRY: Private Healthcare
Sector 23 November 2018

1. BACKGROUND

On 29 November 2013, the Commission, acting under Chapter 4A of the Competition Act, 89 of 1998 (as amended) (the Act), published a notice that it would be conducting the Health Market Inquiry (HMI) as well as a Terms of Reference (TOR) for the Inquiry. The Commission decided to undertake such an inquiry on its own initiative because it has reason to believe that there are features of the sector that prevent, distort or restrict competition, and in order to promote competition in furtherance of the purpose of the Act.^a

The Inquiry has been in operation since 6 January 2014 and was initially set to be completed on 30 November 2015. In October 2015, the Commission amended the Inquiry completion date to 15 December 2016. This was extended to 15 December 2017, in the government gazette published on 9 December 2016^b. The Inquiry completion date was further amended to 31 August 2018 in a government gazette published on 8 December 2017.^c The Inquiry completion date was again amended to 30 November 2018.^d

The Inquiry published its provisional findings and preliminary recommendations on 5 July 2018. Stakeholders had until 7 September 2018 to provide substantiated comments and submissions on the Inquiry provisional report and preliminary recommendations. The Inquiry has also conducted the data room process for those stakeholders who requested for access to underlying data and information, considered in preparing the Provisional Report. The data room process has since been finalised.

The Inquiry received several requests for extensions for submissions from various stakeholders which were considered and granted based on individual motivations. The final date of extension allowed by the Panel for all outstanding submissions was 15 October 2018. The HMI received a total of 65 submissions which will be published in due course once the HMI has completed its engagements with stakeholders who have made confidentiality claims.

^a Section 43B(1)(i) and section 43B(1)(ii).

^b Amended Terms of Reference for Market Inquiry: Private Healthcare Sector, Government Gazette no. 40480.

^c Amended Terms of Reference for Market Inquiry: Private Healthcare Sector, Government Gazette no. 41311.

^d Amended Terms of Reference for Market Inquiry: Private Healthcare Sector, Government Gazette no. 41893.

AMENDED TERMS OF REFERENCE FOR
MARKET INQUIRY: Private Healthcare
Sector 23 November 2018

2. AMENDMENT OF THE TERMS OF REFERENCE

In terms of section 43B(5) of the Act, the Commission may, by way of an amendment to the TOR, amend the scope of the Inquiry, or the time within which the Inquiry is expected to be completed, by further notice in the Gazette.

The scope of the Inquiry remains the same.

Stakeholders will be afforded opportunity to engage with the submissions made in respect to the Provisional Report, once published. Furthermore, necessary engagements between the stakeholders and the Inquiry in respect of the provisional are ongoing. All comments and submissions made on the provisional report, are being considered by the Inquiry, and if necessary, the report will be revised with the view to publishing the final report and recommendations. This necessitates further amendment to the Inquiry completion date.

In terms of the amendment, the final Inquiry report and recommendations, will be completed by **29 March 2019**.

Further details regarding the amendment to the administrative timetable will be made available on the Inquiry website.

1. INTRODUCTION

Section 24 of the South African constitution states that “everyone has a right to a safe environment”, and the Department of Environmental Affairs (DEA) has a responsibility to fulfil its mandate in this regard. DEA hereby affords the chemicals industry and affected stakeholders an opportunity to provide information with regards to chemicals shown in (Table 1, 2.1, 2.2, & 3) that are recommended to be listed in the Stockholm and Rotterdam Conventions respectively during the upcoming Conference of the Parties (COP 9) in April-May 2019, as well as chemicals that are currently under review by the Stockholm and Rotterdam Conventions Scientific Subsidiary Bodies; Persistent Organic Pollutants Review Committee (POPRC) and Chemical Review Committee (CRC), respectively. The Stockholm and Rotterdam Conventions are global treaties and their respective primary objective is to protect the environment and human health from adverse effects of the listed hazardous chemicals. The Department of Environmental Affairs wishes to establish:

- Whether the chemicals in table 1, 2.1, 2.2 & 3 are being used, and if so, for what applications are they used?
- Whether the chemicals in table 1, 2.1, 2.2 & 3 are being manufactured locally?
- Whether the chemicals in table 1, 2.1, 2.2 & 3 are being imported or exported? If so, full details of imports or exports need to be provided within the 60 day time of this gazette?
- Whether safer alternatives to the chemicals recommended for listing have been or are being used in the various applications?

If there are any valid reasons for not supporting the listing of the recommended chemicals? If there are; supporting valid data and reasons should be provided. What would the possible impact be, should the chemicals recommended be listed? Such an impact, if there would be any, should be valid, and rationalised in light of using safer alternatives.

The information requested above, will assist South Africa in developing an informed position in preparation for the upcoming multilateral negotiations, to be held during the Conference of the Parties (COPs) in April-May 2019, in Geneva, Switzerland, and in line with protecting national interests and observing South Africa's foreign policy. Furthermore, the information provided will assist South Africa to manage by utilising various instruments, the chemicals that have been proposed and/or recommended for listing in an environmentally sound manner throughout their life cycle.

2. CHEMICALS RECOMMENDED FOR LISTING IN THE STOCKHOLM CONVENTION

The Persistent Organic Pollutants Review Committee (POPRC), which is a subsidiary scientific body of the Stockholm Convention makes recommendations to the Conference of the Parties (COP) to list chemicals that, through rigorous scientific assessment, have been found to be Persistent Organic Pollutants (POPs). Such recommended chemicals are listed in either Annex A, B, and/or C to the convention:

- Annex A (Elimination): The production and use of chemicals in annex A must be eliminated
 - unless there are specific exemptions;
- Annex B (Restriction): The production and use of chemicals on annex B must be restricted;
- Annex C (Unintentional Production): Measures must be taken to reduce the unintentional releases of chemicals on Annex C.

The POPRC recommended the following chemicals in Table 1 to be listed in the upcoming Stockholm convention Conference of the Parties (COP 9).

3. CHEMICALS RECOMMENDED FOR LISTING IN THE ROTTERDAM CONVENTION COP

The Chemical Review Committee (CRC) is a subsidiary scientific body of the Rotterdam Convention and its primary responsibility is to review notifications submitted by parties, of chemicals that have been reported to cause adverse effects to human health and the environment. The CRC recommends chemicals that have met the set criteria, to the COP for listing in Annex III to the convention. Chemicals, including pesticides and formulations listed under the Rotterdam Convention should be subjected to a procedure called "Prior Informed Consent" (PIC). The PIC procedure is a mechanism for formally obtaining and disseminating the decisions of importing Parties as to whether they wish to receive future shipments of those chemicals listed in Annex III of the Convention and for ensuring compliance with these decisions by exporting Parties. In a nutshell, an exporting Party should first notify importing Party about their intent to export and seek a consent from importing Party before exporting can take place. The DEA is the responsible entity for issuing of import consent.

HIGHER EDUCATION ACT, 1997 (ACT NO. 101 OF 1997)

**MINIMUM ADMISSION REQUIREMENTS FOR HIGHER CERTIFICATE, DIPLOMA, AND
BACHELOR'S DEGREE PROGRAMMES REQUIRING A NATIONAL SENIOR
CERTIFICATE:****AMENDMENT OF THE MINIMUM ADMISSION REQUIREMENTS FOR ENTRY INTO
BACHELOR'S DEGREE PROGRAMMES FOR HOLDERS OF THE NATIONAL SENIOR
CERTIFICATE**

I, Grace Naledi Mandisa Pandor, Minister of Higher Education and Training, in terms of section 3 of the Higher Education Act, 1997 (Act No. 101 of 1997) after consulting the Council on Higher Education, hereby amend the Policy for the Minimum Admission Requirements for Higher Certificate, Diploma, and Bachelor's Degree, as published under GN 751 of 11 July 2008 (the Policy). I amend the Policy to the extent set out in the Schedule.

This amendment to the Policy will be effective from 1 August 2018.

Mrs GNM Pandor, MP**Minister of Higher Education and Training****Date:** 20-9-2018

SCHEDULE

Amendment of the minimum admission requirements for entry into Bachelor's Degree programmes for holders of the National Senior Certificate

The Schedule to Government Notice 751 published in Gazette 31231 of 11 July 2008 is amended as set out below.

The portion of Paragraph 4 on pages 8 and 9 under the heading "**Bachelor's Degree**" is deleted and is replaced by the following:

"Bachelor's Degree"

The minimum admission requirement is a National Senior Certificate (NSC) with a minimum of 30% in the language of learning and teaching of the higher education institution as certified by Umalusi, coupled with an achievement rating of 4 (Adequate Achievement, 50 – 59%) or better in four 20-credit NSC subjects.

A 20-credit NSC subject is a subject recognised for the seven-subject NSC package as approved by the Minister of Basic Education in terms of the National Education Policy Act, 1996 (Act No. 27 of 1996).

Adequate Achievement in the NSC and in at least four 20-credit NSC subjects provides the primary basis for admission to a Bachelor's Degree programme. An institution is entitled to specify an appropriate level of subject achievement for a particular programme. For example, admission requirements for a Bachelor's Degree programme in Fine Art or Music might include a specified level of achievement in the corresponding recognised NSC subject/s. Similarly, an institution will be entitled to specify subject requirements for a particular programme. For example, Mathematics and Physical Science might be considered as requirements for admission to a Bachelor of Science Degree.

NATIONAL EMPOWERMENT FUND

DRAFT LANGUAGE POLICY

DRAFT

1. INTRODUCTION

- 1.1 The Use of Official Languages Act 12 of 2012 (Act) was introduced by national government, under the auspices of the Department of Arts & Culture, to regulate and monitor the use of official languages within national departments, national departments, national public entities and national public enterprises. These entities will do this through adopting a language policy and establishing Language Units which will monitor and report on the use of official languages within those entities.
- 1.2 The National Empowerment Fund (NEF) operates across all 9 provinces in South Africa and as such, it is important that the language needs of the public within which it operates are catered for. The NEF promotes and encourages the use of official languages and has put in place this Language Policy in accordance with the requirements of the Act.
- 1.3 The purpose of the Language Policy is to give effect to the Act as well as section 6 of the Constitution of the Republic of South Africa, 1996. The Language Policy stipulates how official languages will be used, amongst other things, in effectively communicating with the public, in official notices and government publications.

2. PURPOSE

- 2.1 This Policy is intended to regulate the languages used by the NEF in communicating with its various internal and external stakeholders. This ranges from day to day communication to targeted communication for various purposes.
- 2.2 While the NEF encourages and supports the promotion of official languages, it has to be noted that due to the nature of the business and the financial implications of using all 11 official languages, the NEF will strive to achieve balance whilst encouraging the use of indigenous languages and pragmatic application of the Language Policy across its communication platforms.

- 2.3 In the spirit of the Constitution, the NEF recognises the historically diminished use and status of the indigenous languages and through this policy adopts positive measures to elevate the status and advance the use of these languages.

3. POLICY OBJECTIVES

3.1 The policy aims to achieve the following objectives:

- To outline the manner in which the NEF will make use of official languages;
- To document the NEF's official languages;
- To establish a Language Unit;
- To outline the roles and responsibilities related to the use of official languages by the NEF; and
- To provide guidelines on the complaints management mechanism regarding the use of official languages by the NEF.

4. SCOPE OF APPLICATION

4.1 In Scope

- 4.1.1 This policy applies to all employees of the NEF, including temporary and permanent employees, contractors and subcontractors as well as agencies appointed by the NEF for purposes relating to marketing, communication, media and public relations activities.
- 4.1.2 This policy will apply to applicable communication with the public, official NEF notices and government communications.
- 4.1.3 Where reasonably practicable, any information requested in terms of the Promotion of Access to Information Act 2 of 2000 (PAIA) Manual is included in the scope. The NEF PAIA Manual can be accessed on the NEF's website.

4.2 Out of Scope

- 4.2.1 The NEF supports the promotion of official languages and will do everything, within reason, to encourage the equal use of languages in its business operations. Due to the financial implications associated with translation, the following documents are outside the scope of this policy:
- 4.2.1.1 Annual Reports;
 - 4.2.1.2 Financial statements;
 - 4.2.1.3 Economic reports;

5. OFFICIAL LANGUAGES OF THE NEF

- 5.1 The NEF was established by the National Empowerment Fund Act 105 of 1998. The NEF is a driver and thought leader in promoting and facilitating black economic participation by providing financial and non-financial support to black empowered businesses, and promoting a culture of savings and investment among black people.
- 5.2 The NEF operates across all 9 provinces in South Africa. Due to the reach and nature of its business, English, as one of the official languages, is the official business language of the NEF and will be used in the day to day communication, both verbally and in the written form.

- 5.3 English will be the transactional language used in other forms of communications as required by the NEF's operations. This will include, but not be limited to the items listed in 4.2.1.
- 5.4 South Africa's 3 broad categories of language groupings as well as the frequency of use of languages have been taken into account in selecting the NEF's official languages. These are:
- 5.4.1 English (as the official business language);
 - 5.4.2 IsiZulu (to cover the Nguni based languages); and
 - 5.4.3 Setswana (to cover the Sotho based languages).
- 5.5 Due to the diverse nature of the South African language landscape and the NEF's nationwide operations, provision has been made to accommodate language preferences on a limited and prevalence driven basis in provinces where the official languages outlined in 5.4 do not suffice. The NEF will ensure that when embarking on campaigns, the language prevalence of the specific areas and audience will be taken into account and accommodated in as far as verbal communication is concerned. Having taken statistics on provincial use of languages into consideration, the following will apply to print communication:
- 5.5.1 Western Cape: IsiXhosa and Afrikaans;
 - 5.5.2 Eastern Cape: IsiXhosa;
 - 5.5.3 Northern Cape: Setswana and Afrikaans;
 - 5.5.4 Limpopo: Tshivenda, Sepedi and Xitsonga;
 - 5.5.5 Mpumalanga: SiSwati and Ndebele;
 - 5.5.6 Free State: Afrikaans and Sesotho;
 - 5.5.7 North West: Setswana;
 - 5.5.8 KwaZulu-Natal: IsiZulu
 - 5.5.9 Gauteng: English, Setswana and IsiZulu.

5.6 The use of provincial languages as outlined in paragraph 5.5 above will apply to the following documents:

- 5.6.1 "Helpful Hints" on the NEF Business Planner Tool;
- 5.6.2 NEF Investor Education Booklet;
- 5.6.3 Individual correspondence to clients upon request; and
- 5.6.4 Funding criteria and corporate brochure upon request.

5.7 English will be the official transactional language of the operations of the NEF internally, in both the spoken and written form, including all, including all internal communication efforts. All meetings and day-to-day operations will be conducted in English and the above recommended languages may be used where the situation demands or warrants it.

6. TRANSLATION AND INTERPRETING

6.1 All translations will be made through the Language Unit, where the services of professional translation service providers will be sought to translate documents where required.

interpreting, requests will be taken into consideration for a minimum of 10 people attending large scale events or addressed outlined in 6.2.1.3 above.

- 6.4 In instances where Braille translations are required, these will be taken into consideration provided such requests are made in writing, 15 days prior to such documents being required.

 - In instances where hard copies have been requested, this will be done on ordinary white office paper and the NEF will incur postage or courier costs associated with sending the material to those who have requested the translation.

DEPARTMENT OF TRADE AND INDUSTRY
NOTICE 760 OF 2018
INTERNATIONAL TRADE ADMINISTRATION COMMISSION
CUSTOMS TARIFF APPLICATIONS
LIST 09/2018

The International Trade Administration Commission (herein after referred to as ITAC or the Commission) has received the following application concerning the Customs Tariff. Any objection to or comments on this representation should be submitted to the Chief Commissioner, ITAC, Private Bag X753, Pretoria, 0001. Attention is drawn to the fact that the rate of duty mentioned in this application is that requested by the applicant and that the Commission may, depending on its findings, recommend a lower or higher rate of duty.

CONFIDENTIAL INFORMATION

The submission of confidential information to the Commission in connection with customs tariff applications is governed by section 3 of the Tariff Investigations Regulations, which regulations can be found on ITAC's website at <http://www.itac.org.za/documents/R.397.pdf>.

These regulations require that if any information is considered to be confidential, then a non-confidential version of the information must be submitted, simultaneously with the confidential version. In submitting a non-confidential version the regulations are strictly applicable and require parties to indicate:

- ☐ *Each instance where confidential information has been omitted and the reasons for confidentiality;*
- ☐ *A summary of the confidential information which permits other interested parties a reasonable understanding of the substance of the confidential information; and*
- ☐ *In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.*

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless clearly indicated to be confidential, will be made available to other interested parties.

The Commission will disregard any information indicated to be confidential that is not accompanied by a proper non-confidential summary or the aforementioned reasons.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due).

Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

INCREASE IN THE GENERAL RATE OF CUSTOMS DUTY ON:

Frozen meat and edible offal of fowls of the species *Gallus domesticus*, with specific reference to bone-in portions classifiable under tariff subheading 0207.14.9 and boneless cuts classifiable under tariff subheading 0207.14.1 from 37 per cent *ad valorem* and 12 per cent *ad valorem*, respectively, to 82 per cent *ad valorem*.

Enquiries: ITAC Ref: 10/2018, Enquiries: Mr Jacob Mtimkulu, Mr Oatlotse Madito, Ms Dolly Ngobeni or Ms Manini Masithela at e-mails: jmtimkulu@itac.org.za/ omadito@itac.org.za/ dngobeni@itac.org.za/ mmasithela@itac.org.za. Alternatively, contact (012) 394 3691/3692/3667/3682.

REASONS AS STATED BY THE APPLICANT:

- The applicant provided, *inter alia*, the following reasons for the application:
 - a) The SACU poultry industry (meat and eggs) supplies more than 60% of the animal protein consumed in SACU and makes up almost 20% of South Africa's agricultural gross domestic product. It is the single largest part of agriculture in SACU and is core to SACU food security;
 - b) The poultry industry is the second biggest user of maize in the region and by far the biggest user of soybeans. The South African Government's soybean development strategy is dependent on the success of the local poultry industry;
 - c) The SACU domestic broiler industry directly employs at least 47,025 people with a further 58,383 people indirectly employed in support industries that are dependent on the broiler industry. The crops which are used as feed in the poultry industry account for approximately 17,738 workers in the crop farming sector;
 - d) SACU is a globally efficient producer of chicken. Despite this, the SACU poultry industry has faced, and continues to face, enormous profitability challenges. These have resulted in downsizing in late 2016 and early 2017, resulting in job losses and a deterioration in SACU's food security position;
 - e) The profitability challenges experienced by the SACU Industry are directly linked to increasing volumes of opportunistic imports of frozen chicken which significantly undercut the SACU industry;

- f) Dutiable imports of frozen chicken have increased drastically over the period 2015 to 2017. This has caused and threatens to cause the serious injury; and
- g) These low priced imports limit the SACU industry's ability to increase prices in line with the increases in costs (price suppression) and also reduce sales volumes and market share (as there is a preference for the lower priced imports). The SACU industry has limited storage capacity and export opportunities. This means that when these opportunistic imports enter the SACU market, the SACU industry is forced to lower its prices in order to sell stock and create storage capacity.
