Fax: 012 334 4722

Prices are subject to change without prior notice. However, if you have ordered but have not yet paid for a product, we guarantee the quoted price from when the order was placed.

## **GENERAL STATIONERY STOCKED ITEMS PROCUREMENT GUIDELINE**

### **REORDERING STATIONERY**

1. Orders placed with the Government Printing Works for forms and other stationery items that are contained in its Standard Stationery Catalogue. This means that the Department placing the order has committed itself to pay for the stock delivered in terms of each order so placed.

2. When an order is placed at the Government Printing Works, the following order forms can be used to order stationery and face value items. Z492 order form (82/7860) or a Z577 Government order/service (82/8062) or the DD order form, for the Department of Defence. The Department of Justice may order on the JYP order form. There after Government Printing Works will proceed to issue the stock.

3. Stationery items must be ordered in the numerical order in which they appear in the catalogue.

4. The full delivery address to which supplies must be forwarded, as well as the Rail Consignment number, (if applicable) must be inserted in the space provided on the order form.

By full delivery address is meant:

(a) Name of the department or institution concerned and telephone number of the contact person.

(b) Number and name of the building.

(c) Name and number of the street. (The street number is very important).

(d) Suburb (if applicable).

(e) Town or city.

N.B.-Goods cannot be delivered to post office boxes.

5. To facilitate the work of the Government Printing Works, ordering officers are requested

(a) to submit orders in clear and legible writing with one item (entry) to a line. Illegible and altered orders will not be accepted for processing;

(b) to complete the order in full, including your client number and date and a contact person to whom inquiries can be addressed, if the need arises;

(c) orders must be authorized by a person delegated for that purpose. That person's signature, rank and name in block letters must appear in the space provided on the order.

6. The quantity of each item that is required must be inserted in the column provided on the order. It is important in all cases to quote the correct catalogue number and unit of issue as issues will be made and debits calculated strictly in accordance with these numbers and unit of issue. Errors in the catalogue numbers and the incorrect unit of issue will only be rectified at the discretion of the Government Printing Works and then at the expense of the ordering department.

7. Where applicable, orders must be submitted to the head office of the Department concerned for approval and transmission to the Government Printing Works.

### **ACCEPTANCE OF CONSIGNMENTS**

8. (i) On receipt of consignments of stationery from the Government Printing Works, ensure that the number of cartons and/or packages are correct and that the latter are NOT damaged, before a signature for receipt is furnished.

(ii) When complaints in regard to items not received are made to the Government Printing Works, departments should in every instance state (a) number of cartons and/or packages received; (b) the serial numbers and mass of the cartons, etc., received; (c) whether the cartons, etc., were damaged, and (d) the Government Printing Works Sales Order Number of the order in question.

(iii) Consignments of stationery should be unpacked by a responsible officer and packing material carefully examined to ensure that small items are not overlooked and in the event of a surplus or deficit being discovered, complaints should be directed to the Government Printing Works not later than 7 days after receipt of the consignment. Amendments on invoices will not be considered after the 7 day period.

## **TEMPORARY DEPLETION OF STOCKS**

9. (a) When, due to temporary depletion of stocks, items order by department will be on back order, for the full and/or partial quantities ordered and/or supplied.
- (b) The onus is on said department to inform The Government Printing Works to the replenishment of said quantities on the same order number, or;
- (c) The outstanding quantities to be cancelled (official letter) and a new order to be issued.

## **RETURNS TO STORE**

10. Before surplus stock can be returned to the Government Printing Works, departments must first obtain permission, in writing; from the Government Printer quoting the Government Printing Works Sales Order Number. Only stock that is new and intact will be accepted. Returns of this nature must be forwarded to the Government Printing Works. The Departments will be liable for cost of such returns. Returns will not be considered for credit without the relevant Sales Order Number.

## **GENERAL**

11. To ensure that sufficient stocks of stationery are always available to Departments, it is essential for Head Office to advise this Department timeously of any extraordinary requirements of stationery necessitated by a change in existing methods of work or the introduction of new schemes.
12. Orders will not be accepted by the Government Printing Works unless the above-mentioned instructions are fully complied with.
13. Items marked with a "\*" are items that are being phased out which shall be discontinued as soon as stocks are depleted.
14. The documents are update from time to time and when this happens the reference numbers may change. Please call the numbers listed on the front cover if the reference number you require is not listed in the catalogue.
